THE BRIDGE on the east branch of Pleasant River, the project of Det. 1, Co. B, 133rd Engineer Battalion, Maine National Guard, of Sanford, during their two week summer training period.

## FOUR BETHEL BRIDGES BEING BUILT BY NATIONAL GUARD IN SUMMER TRAINING

During their annual two week training period, two Maine National Guard units, Company D, 262nd Engineer Battalion, of Rumford, and Company B, 133rd Engineer Battalion, from the Sanford-Saco area, are constructing four bridges in Bethel.

The projects are on the Chandler Hill Road, east branch of Pleasant River, Bird Hill road, and the access road of the Bethel Water District reservoir.

On Chandler Hill a bridge 18 feet long, 18 feet wide, and capable of supporting a 30-ton load is being constructed by the 2nd Platoon of Company D, 262nd Engineer Bn., from Rumford.

The Pleasant River project was

undertaken by Detachment 1, Company B, of the 133rd Engineer Battalion from Sanford. Work on the bridge was hampered by the rains of last week and reportedly the work will not be completed during the Guard's two-week encampment.

On the Bird Hill project, off the Gore Road, the 3rd Platoon of Company D, 262nd Engineer Bn., of Rumford, is constructing a 60 ton capacity bridge, 15 feet long and 16 feet wide.

On the access road to the Chapman Brook reservoir, the 1st Platoon of Company D, Norway, of the 262nd Engineering Battalion, built a bridge 16 feet long and 15 feet wide, with a reported capacity of 30 tons.

## S. A. D. #44 BOARD TO MEET IN TELSTAR LIBRARY NEXT MONDAY EVENING

The board of directors of M. S. A. D. #44 will meet in the library at Telstar Regional High School Monday evening, Aug. 29, at 7:30.

Action is scheduled on the following appointments: a secretary and a custodian at Woodstock Elementary School, and a secretary at the Telstar Middle School.

The superintendent is scheduled to have a recommendation to fill the following extra-curricular positions at the Telstar facility: Middle School football; Junior Varsity field hockey; Middle School field hockey; and cheerleading advisor for the football season.

A recommendation will be presented requesting the directors' authorization to pay all substitute teachers \$25 per day and \$13 per half day.

Authority will be sought to post all of the remaining athletic coaching positions. Also an Athletic Director will be appointed for the 1977-78 school year.

There will be a first reading of a district policy regarding standing committees of the board and their operating procedures.

Also being presented Monday evening, for possible board action is a proposed fee schedule to be charged for admission to Mountain Valley Conference football and basketball contests.

The board will be asked if they desire to create a position of Director of Federal Programs.

Also it is believed that there will be a nomination by the superintendent to fill the grade eight science vacancy at the Telstar Middle School. The person approved for the position by the directors at their Aug. 1 meeting, notified Superintendent Kenneth Smith the first of this week that she had accepted a position in Dixfield.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

The Selectmen/Assessors held a special meeting Wednesday evening, Aug. 24, for the purpose of setting the 1977 municipal tax rate. This year's rate of 18 mills or \$18.00 per \$1,000 of valuation, reflects a 1.5 mill increase over last year's rate of 16.5 mills. The amount to be raised by taxes this year is \$514,857.76. 57% of this amount is for education, 17% for public works, 7% general government, 6% protection, 5% unclassified, 3% County tax, 3% health, welfare, sanitation, and 2% leisure services. It is anticipated that tax bills will be mailed about the middle of September.

The Board of Selectmen also met Monday night, Aug. 22 to select four engineering consultants from which to request proposals for sewer system and plant upgrade work. Seventeen firms submitted qualifications for consideration by the Board. After a review process, in which a number of key factors were considered, the Board selected the firms of DuBois and King Inc., Environmental Engineers, Inc., Wright, Pierce, Barnes and Wyman, and Hunter-Ballou Associates from which to request proposals. A short executive session was held to discuss personnel issues.

The Army National Guard has been working the last two weeks on four bridge projects in Bethel. Work has been completed on wooden bridges on the Bird Hill Road (off the Gore Rd.) on the Chase Rd. (off Chandler Hill Rd.) and on the Reservoir Road. Work on a steel and concrete bridge on the Grover Hill Road has progressed, however, the bridge will not be completed during the National Guard's two week training session. Severe water problems at this site, due to recent rains, have

## SEVEN "SUPER KID" WINNERS IN BETHEL JUNIOR OLYMPICS HELD LAST FRIDAY

The day of the scheduled Junior Olympics was perfect; nearly 50 children were ready to put themselves through tough and some not-so-tough events. Enthusiasm was high and everyone was eager. Numerous children received blue, red and white ribbons for placing first, second and third in events such as: running broad jump, softball throw, basketball toss, obstacle course, watermelon eating contest, and more. Then all this culminated in the great question of "Who is Super Kid of the 1977 Junior Olympics?"

The seven winners (one in each grade, K-6), for their total effort in accumulating points, are: Kindergarten, Aaron Bean; Grade 1, Danny Long; Grade 2, Alec Newell; Grade 3, Vincent Chapman; Grade 4, Kirsten Froburg; Grade 5, Kevin Van Deursen; Grade 6, Barbie Chasson. All winners received a Bethel, Maine T-Shirt as their prize.

Many thanks are extended to Art Froburg, Marie Wilson, Becky Grommett, Cathy Newell, Sandy Jackson, Cathy Tremblay and Paul Judkins for their role in officiating the events.

Special thanks are sent to Brown's Variety, Roberts Poultry Farm and Bethel IGA for their donations of T-shirts, eggs, and watermelons, respectively. And, of course, special congratulations are sent to all the winners by the 1977 Playground Staff: Gail Sysko, director; Robert Morin and Christine Chasson, leaders.

caused delays in this project. We anticipate it will be near the end of September before work can be completed on this project.

The Board of Assessors will meet Monday, Aug. 29, at the Town Office and the Board of Selectmen will hold their next meeting Monday, Sept. 12.

## JORDAN REUNION

The fifth annual reunion of the  
Jordan family was held at the  
new home of Helen and Robert  
Jordan at Howard Pond on Aug.  
13 with 58 relatives and two  
guests. A cookout was featured  
with pot luck dishes, cake, cook-  
ies, brownies, pie and home made  
fudge.

A social hour was enjoyed by  
all. Two new relatives attended  
this year. It is hoped that more  
will come as everyone can see how  
big the family is.

Robert Jordan offered his home  
again next year for the reunion  
but no date has been set yet. Ev-  
eryone was happy with his offer  
as it is a lovely spot with a  
beach.

The oldest relative present was  
Ansel Jordan, Locke Mills, and  
the youngest was Jamie, son of  
Mr. and Mrs. Dennis Nichols of  
Fayette. One of the guests was 80.  
The families in attendance were  
from Rumford, Frye, East Water-  
ford, West Paris, Bethel, Yar-  
mouth, Wilton, West Peru, Bryant  
Pond, Locke Mills, Hanover, Fay-  
ette, Mexico, East Bethel and  
South Portland in Maine, and Lev-  
ittown, Pa.

This branch of the Jordan fam-  
ily descended from Abraham Jor-  
dan and son, Richard, who are  
buried on Bird Hill. Richard's son,  
Charles, was born and died on  
Bird Hill and is buried in the  
Locke Mills cemetery.

## WALKING WITH JESUS CHRIST

"Rivers of Living Waters."  
In this beginning of August we  
see a dry spell, our brooks, wells,  
and springs are low if not already  
dry. We hope and pray that soon  
our land will receive rain for our  
physical needs, even to play, swim  
and fish in.

The Bible, God's Holy Word,  
has much to say about water; in  
Genesis, Chapter 1, verse 2; it  
says—"and the Spirit of God was  
moving over the surface of the  
waters."

God knows all our needs, both  
physical and spiritual. He ex-  
plains it all—from Genesis to the  
last chapter in Revelations. And  
he showed me a river of the water  
of life, clear as crystal, coming  
from the throne of God and of  
the Lamb. Herewith He tells us  
of the "Spiritual waters" He pro-  
vides. Waters so necessary to the  
believer, who when he is dry suf-  
fers heart aches in the separation  
of Christian Fellowship.

John 7, Vs 37: "If any man is  
thirsty, let him come to me and  
drink."

1 Corinthians 10: 4 "and all  
drank the same spiritual drink, for  
they were drinking from a spiri-  
tual rock which followed them; and  
the rock was Christ."

John 4:10 says "Jesus answered  
her and said, 'If you knew the  
gift of God, and who it is who says  
to you, 'Give me a drink,' you  
would have asked Him, and He  
would have given you living wa-  
ter."

Jesus offers us: All we have to  
do is ask and it will be given to  
us full and overflowing. Our wells  
and brooks may run dry, but the  
wells of Salvation; God's love to  
us, never will.

**ALEXANDER AND JESUS**  
By Dr. J. Philip Jackson  
Community Church  
Rumford Center

Alexander the great lived three  
and a half centuries before Christ.  
He conquered the known world of  
his time, created a colossal empire,  
then sat down and wept because  
there were no more worlds to  
conquer.

He and Jesus had some things in  
common; they also had many things  
different. They both began  
their careers at an early age; they  
both ended them at the premature  
age of thirty three.

Alexander was born in a mansion  
—Jesus in a manger.

Alexander was the son of a  
king—Jesus was the son of a car-  
penter.

They both founded a kingdom.  
Alexander's kingdom of power is  
now dissolved. Christ's kingdom  
of LOVE was small—it is now  
colossal.

Alexander lived, fought and  
died for himself. Christ lived,  
fought, died and lives forever for  
His children.

Their lives were similar, but  
different. Christ's life seemed a  
failure—He died a mocked king  
on a cross. Alexander's life was  
apparently successful—He died a  
worshiped king on a throne.

Alexander shed the blood of  
millions for personal gain. Christ  
shed His own blood for the Sal-  
vation of millions.

Alexander died in Babylon in  
splendor; Jesus died on Calvary in  
shame.

Alexander won earth's victories,  
but lost heaven. Jesus lost all he  
had on earth, but won heaven for  
all.

Alexander is dead forever; Jesus  
Christ is alive forevermore.

Alexander made history; Jesus  
transformed it as His story.

Alexander is crumbling in the

## NEW ENGLAND ECONOMY

CONTINUES STRONG, -SAYS FRB PUBLICATION

The New England economy continued to show considerable strength at mid-year. Unemployment rates were down in many areas, manufacturing production and average hours worked increased, and construction activity for residential and public works type projects greatly improved. Employment, however, declined slightly from the record levels reached in May. These findings are based on data released in the August issue of the Federal Reserve Bank of Boston's "New England Economic Indicators."

New England nonagricultural payroll employment in June totaled 4,863,700, seasonally adjusted. This represented about 103,000 more jobs than in June 1976, but 8,400 fewer jobs than in May of this year. Despite the small decline in employment from the May level, more New Englanders were at work in June than in any month except May when an employment record was set. Manufacturing establishments accounted for 1,380,000 jobs in June, nearly 30,000 more than in the corresponding month of 1976, although some 1,700 fewer than in May. A slight increase in durable goods employment, particularly in Connecticut, was more than offset by a decline in nondurable goods manufacturing, especially in Massachusetts. The nonmanufacturing industries also contributed to the June employment decline with the job losses mainly in the three northern New England states.

New England's unemployment situation continued to improve during June. The region's unemployment rate fell to 6.4% of the labor force, seasonally adjusted, from 6.8% in May and 8.8% a year earlier.

New Hampshire, with one of the lowest unemployment rates in the nation, and Maine experienced a June rise in unemployment. Nationally the seasonally adjusted unemployment rate for June rose to 7.1% from 6.9% in May. While the unemployment situation has improved substantially in New England, caution is still needed in interpreting the figures. The method used to estimate state unemployment now appears to be underestimating the number of unemployed just as it was previously overstated.

Output of New England factories continued to expand in June, with production as measured by the Federal Reserve Bank of Boston's manufacturing production index, increasing to 115% of the 1967 base period average from 113% in May and 109% in June 1976. The durable goods industries accounted for the largest gains over the month and over the year.

Increased average weekly hours of factory production workers contributed to the June rise in output despite a small decrease in manufacturing employment that month. Average hours worked in the region's factories rebounded to 40.6 hours in June from the revised May average of 40.1 hours and 40.2 hours in June 1976. The average workweek was shortened considerably in May when a severe snowstorm caused plant closings and shortened hours. Longer workweeks in June were recorded in nearly all of the major manufacturing centers of the region.

Personal income payments to New Englanders declined on a

seasonally adjusted basis in May, the latest month for which the data are available, but were 9% higher than a year earlier. The May decline was related to the unusual snowstorm which temporarily affected factory payrolls especially in Massachusetts. Retail sales, seasonally adjusted, also declined slightly in May both in New England and the Nation.

The Maine State Police has distributed to Troopers rules and regulations pertaining to a recent law making mopeds legal on Maine roads, announced Colonel Allan H. Weeks, Chief.

According to Maine law (Title 29, Sec. 1, sub-sec. 5-A), a moped is a motor driven vehicle with two or three wheels that may not exceed 30 miles per hour on a level surface, and may have foot pedals to permit muscular propulsion. In addition, a moped may not have a power source exceeding two brake horsepower (to include a motor with a cylinder displacement not exceeding 50 cubic centimeters).

To operate a moped, a person must have a valid operator's license of any class (but cannot operate on a permit). The moped, registered for a \$5 fee, must be operated to the far right except to make a left turn, be operated

## GILEAD WOMEN'S CLUB MET AT SCHOOL HOUSE AUG. 16

The Gilead Women's Club met on August 16 at the school house. Secretary's and treasurer's reports were read. Much discussion was held on whether or not it would be worth having a booth again on Mollycodd Day. Although the group did very well selling soda and food, after expenses and the 40% to the Lions Club there was not much gain for a whole day's work. The possibility of having hand made articles was discussed and that will be decided at a later meeting.

The ladies decided to have their regular food sale in November. It was also decided to ask Stephanie Knight, Oxford County Extension Agent to attend the September meeting for planning Extension meetings for fall and winter months.

A surprise birthday cake was lit for Mary Cole who was celebrating her birthday. Then the ladies sang happy birthday to a surprised "Mary." May you have many more happy ones, Mary!

The ladies then looked over the library which was set to open on Saturday. It really looks good and it is hoped the children and adults in town will use it and enjoy many of the new books that have been donated.

The next regular meeting will be held on Tuesday, Sept. 20 at 7:30 at the Gilead School House which is now the new Gilead Library.

Sitting here this morning with the wood fire crackling and the teakettle singing all the thoughts are of fall. The summer has been so short compared to last winter, which had got us into its grip and just didn't want to let go.

Think we all thought more about it as the price of fuel has gone up so much in the last few years. More and more people are going back to at least one wood stove.

I attended New England Lecturers Conference from Monday to Friday this past week at Storrs, Conn. University. What is that all about? Well, the six New England State Lecturers and those members who are interested in programming, meet together in one of these states taking turns every six years. Connecticut entertained 600 Lecturers and members this year. Maine will be entertaining next year, 1978. Each of the State Lecturers presents a program either morning, afternoon or evening. They draw lots for places. These programs help the Pomona and Subordinate Lecturers by giving them ideas to carry out in their own Granges. The State Lecturers use their own group in putting on their programs.

One evening a banquet is served by the host Grange followed by some talent their state is blessed with after the banquet. Welcome.

Mrs. Sandra Abbott was at Norway Hospital Aug. 15 for x-rays on her second finger on her right hand. It was crushed and broken and may possibly have to be amputated. She was wrestling with a trailer hook up.

Mrs. Doris Lawrence and Mrs. Marietta Penley went to Berlin, N. H., Aug. 15, Christmas shopping.

Joe Barrett came home from the Norway hospital Thursday and Phyllis Hyam came Friday.

The Community Club supper Aug. 20 was well attended and plenty of good food. Everyone said the yeast rolls were superb. I didn't go as I didn't have a baby sitter.

All roads led to the Waterford Fair on the week end and the weather was ideal except for a slight sprinkle Saturday afternoon.

The State Lecturers are presented gifts from their own State members. A special program follows this, given by the host Grange and is special talent from their State.

Instructions are given by the National Lecturer to help our work. We wish more of the Maine Lecturers would avail themselves of the opportunity to attend this Conference. Besides being a help, it also is fun with sociability among friends at a low cost which the Grange can afford.

James Ham Goff, Jr., California, called on his Aunt Eveline and Uncle Joe Barrett Friday evening. He was accompanied by her mother, Mrs. Alice Goff, sister Arlene Abbott, Norman, Jo-Anne Abbott. They also called on Doris and Root Lawrence.

Our corn silks in the garden and the goldenrod mints her gold. August is on the down hill road toward September.

Right now my kitchen has the aroma of spices and pickles. "It's 'putting up' time again. When vegetables are ready that is the time to process them.

On Monday, Ruth and I took a walk back into the woods, first following a dirt road. Leaving this at a house now empty, we continued for a short way on a one time town road which fell into disuse a long time ago. Turning right we crossed a meadow marked by gray stone walls, even now in good condition. The stone walls of New England... I hope they will never disappear. A sense of time hangs over these walls.

In a way they are a heritage from those glaciers which gave us the scooped out lakes, the gentle hills, and the boulders. The early settlers used these boulders along their boundaries. They rise and fall with the waves of the terrain. Take a walk beside one and notice the intricate and careful beauty of its construction. They have the color of warm gray acquired by time and exposure to the blasts of winter or the blessings of other elements. I like the gray stone wall climbing up a green hill in summer.

The trees grew high. The squirrels scampered from branch to branch and woodpeckers hammered at their bark.

We spoke of the evergreens here.

vy with fragrance and the giant tall ferns so graceful.

Along the roadside blackberries popped up offering us an invitation to sample. We did.

As we sat for a time, I noticed the arbutus leaves. Not long ago the delicious pearl-pink blossoms among polished leaves were sending forth their sweet delicate scent.

How the weeks have gone. "Summer's lease hath all too short a date."

We heard the creaking moans of an occasional tree. We could see the tower on Shaw's Ledge and one house among the trees.

All across the openings were the bloom of fireweed and milkweed. Both are quick to draw a veil across any forest scars.

Our walk back wasn't long but we passed through a field of golden rod on an old farm gone back to natural growth. AND the asters are in bloom! They own the land until a hard frost removes them.

The sun was warm and bright, the sky clear, and just enough wind to roll the air and keep the leaves at a soft whisper. Another afternoon to remember.

The Greenwood City neighbors of Mrs. J. R. Pearson, now in Salisbury, Mass., have a treasure of memories of when she was among us and a friendship that can not be over-rated, as we extend to her on her 90th birthday, on Aug. 25, the best of wishes.

If anyone deserves the best of special joy and happiness, you, Lee, surely do. For if anyone is always giving special joy to daily living it's surely you.

Tonda Mills, Shapleigh, spent the week end with us.

**POLICE REPORT 2,286 MOTOR VEHICLE THEFTS IN 1976**

The Maine State Police report that nationally more than one million motor vehicles are stolen each year, and in Maine during 1976, there were 2,286 motor vehicle thefts—or one theft every four hours.

"Although Maine law enforcement agencies recovered more than \$3.8 million worth of stolen vehicles, many of those wouldn't have been stolen—if motorists were more aware of how to prevent thefts," said Col. Allan H. Weeks, Chief of the Maine State Police.

The Maine State Police Chief reminds motorists of the following "tips" on how to stop motor vehicle thefts:

—Do not leave keys in the motor vehicle.  
—Lock all doors, roll up all windows.  
—Avoid parking in public lots for long periods of time.

—Consider factory-installed security devices (alarms, etc.).  
—Be able to describe the motor vehicle, give license number from memory.

—If possible, choose parking lots with attendants, never leave ticket in the motor vehicle.  
—Park in areas that are well lighted.

—And, the Maine State Police advise not to accept suspicious offers to buy a motor vehicle, but to report such "deals" to the nearest trooper.

**MRS. THURSTON CELEBRATES 97th BIRTHDAY AUGUST 14**

Mrs. Emily M. Thurston celebrated her 97th birthday at her home on Main Street in Andover, on Sunday, Aug. 14.

Mrs. Thurston, a native of Nova Scotia, came to Maine when she was 9 years of age. She and her husband, Ralph D. Thurston, operated a general store in Andover for 22 years. Mr. Thurston served two terms in the Maine Legislature.

An open house was hosted by daughter Ivy, son Lester, both of Andover and Della Howard, of Rumford.

She is a long time member of the First Congregational Church, which she attended on her birthday, and has been active in the Ladies Aid, Andover Friday Club, Andover Public Library and Lone Mountain Grange. She has five grandchildren, 16 great grandchildren and two great great grandchildren.

Mrs. Thurston is the oldest living resident of Andover and holds the Boston Post Card.

A highlight of the celebration was a congratulatory message from Governor James B. Longley.

Mr. and Mrs. Michael Eastman and two children, Chad and Alynn, from South Portland; Mr. and Mrs. Dennis Grenier from Gorham, N. H., and Mr. and Mrs. Donald Bennett and family.

The S. O. S. Lake Association held their annual picnic and business meeting Saturday evening at the Bethel Inn Beach Club. Letters were read from the Dept. of Transportation regarding a bike path along the pond, and from the Health Dept. regarding water testing—the results were very unsatisfactory for any household use, but considered safe for swimming. The present officers will continue to serve another year. Deputy Bill Williams spoke to the group about vandalism and the neighborhood watch program. Although there was a small attendance, we found it a very interesting and worthwhile meeting.

REALTOR

## Curiosity Seekers

If you intend to implant a "For Sale by Owner" sign in your front yard, be prepared for the inevitable "curiosity" seekers. You'll probably spend more time tramping through the house with curiosity seekers than showing it to firm prospects.

Your "For Sale by Owner" sign leaves you open to all types of people and problems. For example, a visitor may present an offer to buy on which he doesn't intend to follow through. You may make plans based on accepting it, only to learn that the "prospect" had no intention of completing the agreement.

A Realtor has the experience to unmask the insincere offer and turn it away before it does any harm. In fact, the presence of a Realtor usually will discharge any attempts of that sort. He will qualify prospects in advance and allow only those who are definitely prospective buyers—not curiosity seekers—to inspect your home.

If there is anything we can do to help you in the field of real estate, please phone or drop in at EARLY REAL ESTATE, 60 Main St., Bethel. Phone: 824-2122, 824-2578. We're here to help!

## RANGELEY DEFEATS BETHEL 8-5 FOR PTL CROWN

Rangeley captured its second Pine Tree League baseball championship in the past two years Sunday at Mexico, defeating Bethel in the third of the best-of-three final round series 8-5. The Lakers were league champions in 1975 while Dixfield won the crown a year ago.

It looked bad for Rangeley after losing the opener on Tuesday, Aug. 16, to Bethel but the Lakers stormed back to win 10-0 last Thursday, setting up Sunday's show-down. Greg Parlin was undoubtedly the standout for Rangeley, going six-for-seven in the series, winning one game and coming in on relief of starter John Croker, Sunday.

Rangeley picked on Bethel starter Duffy Ellsworth from the start, scoring two runs in the first inning, three more in the second and scoring the winning run in the third.

Parlin, who went two-for-two, scored the first run on an error and the second scored on a double by Grant. Joey Morton plated the third run with a single in the second frame and Craig Sargent drilled a two-run double for a 5-0 Rangeley lead.

Bethel got on the board in the third on Levi Brown's RBI single, but the Lakers got that one back in the bottom of the third as Curt Haley walked, stole second base and came home on a single by Ellis.

Rangeley led 8-3 when Bethel scored two runs in the sixth. Parlin came on to allow a two-run single by Rick Whitney, but shut the door after that to preserve the victory and the championship.

## HISTORICAL SOCIETY TO FEATURE POT LUCK SUPPER AT ANNUAL MEETING SEPT. 1

The annual meeting of the Bethel Historical Society will be held on Thursday, Sept. 1, at the Moses Mason House meeting room. A pot luck supper will be held at 6:30 p. m. and the business meeting will begin at 7:30. Everyone is welcome and is requested to bring either a casserole, dessert or salad for the supper. A slate of officers for the ensuing year will be presented by the nominating committee: E. M. Quinn, Mary Valentine and Floribel Haines.

The program will feature slides of old photographs acquired during the past year by the Society and a film, "Time to Begin", which strikes out in several directions at elements that threaten to destroy the natural beauty of America. Winner of honors at the Columbus Film Festival and an honorable mention in Holiday magazine's "Beautiful America" competition, it depicts scene after scene of magnificent countryside and metropolitan elegance which are followed by harsh pictorial evidence of man's neglect and indifference: scattered beer cans and trash, polluted air and water, mammoth auto graveyards, landscapes torn and mutilated by industrial ravage, and everywhere the overwhelming bombardment of bad taste, the frantic barrage of tin, chrome and plastic, hurling slogans and appeals to the public. The film is an urgent testimonial that now is the time to prevent man's destruction of America's beauty.

The Friday Gift Shop at the Bethel United Methodist Church will be open just two more weeks this season, on Aug. 26 and Sept. 2.

There is still a fine selection of knitwear, needlework and crafts, and there is always something new each week. The Friday Gift Shop is an excellent place to shop for gifts, especially for those looking ahead to Christmas.
